Check for compatible PC Apps or Alternatives Or follow the guide below to use on PC: If you want to install and use the Tag with Ryan app on your PC or Mac, you will need to download and install a Desktop App emulator for your computer. We have worked diligently to help you understand how to use this app for your computer in 4 simple steps below: Ok. First things first. If you want to use the application on your computer, first visit the Mac store or Windows AppStore and search for either the Bluestacks app or the Nox App >> . Most of the tutorials on the web recommends the Bluestacks app and I might be tempted to recommend it too, because you are more likely to easily find solutions online if you have trouble using the Bluestacks application on your computer. You can download the Bluestacks Pc or Mac software Here >> . Step 2: Install the emulator on your PC or Mac Now that you have downloaded the emulator of your choice, go to the Downloads folder on your computer to locate the emulator or Bluestacks application. Once you have found it, click it to install the application or exe on your PC or Mac computer. Now click Next to accept the license agreement. Follow the on screen directives in order to install the application properly. If you do the above correctly, the Emulator app will be successfully installed. Step 3: for PC - Windows 7/8 / 8.1 / 10 Now, open the Emulator application you have installed and look for its search bar. Once you found it, type Tag with Ryan in the search bar and press Search. Click on Tag with Ryanapplication icon. A window of Tag with Ryan on the Play Store or the app store will open and it will display the Store in your emulator application. Now, press the Install button and like on an iPhone or Android device, your application will start downloading. Now we are all done. You will see an icon called "All Apps". Click on it and it will take you to a page containing all your installed applications. You should see the icon. Click on it and start using the application. Step 4: for Mac OS Hi. Mac user! The steps to use Tag with Ryan for Mac are exactly like the ones for Windows OS above. All you need to do is install the Nox Application Emulator or Bluestack on your Macintosh. Join Ryan in his coolest running adventure, Tag with Ryan! Top Pcmac Reviews We LOVE Ryan! By Zekecheeks (Pcmac user) My son came across Ryan a few months ago and became obsessed. Saw that there was a game and downloaded it: my son is 5 and does pretty well except when it comes to Gus on the screen. We typically switch between levels because we noticed it takes an exuberant amount of time to finally reach Gus. Even for me who has a little more patience than a 5yo, I'm finding frustrating that I've been on Gus's tail for about 10 levels and still can't tag Gus!! We have used all of our sons' real voice which is awesome and you can unlock stuff too that's cool and when I played it for the first time I found Gus and tagged him I did not know that that was gonna happen I like surprise's which is cool I love this game I think you should keep it up I wanna be like you one day I can't believe you have 19 million something subs that's crazy you also have toys clothes towels and your own tv show it's crazy i wanna be like you someday Ryan @@@ Caution when buying add on's By Hrithmus1112 (Pcmac user) My son loves Ryan so I decided to download this app for him. He's been playing and enjoying the game a lot so I decided to support the game by buying some add on's. We purchased the "Double Suns forever" everything purchased successfully and I also have the purple check mark by the add on. Yet.....he gets no double suns. My son showed me so I played the game. When you get the double suns in the game it's still on a timer. No settings or anything show this being active. I look everywhere. I even restored purchases and still the "Double suns" do not last "Forever". This left a reallilly bad taste in my mouth. I hope this is maybe a bug they need to fix but I absolutely will not be buying more from this app. Best crossover game By what is that gibberish (Pcmac user) Ryan is an YouTuber and he has toys and this game he'll soon be the most popular kid or maybe he is already the most popular kid in the world but i realized some of the graphics are like animal jam and also some of the sound effects or maybe it is just made by the same created of animal jam also a few games were like this since your a popular kid and I'm not really I need some help getting popular but not as you just a little bit more popular so can someone help me with my channel a little bit? It's not uncommon for YouTubers to release games based on them which is why it's not surprising that the popular toy reviewing channel, Ryan ToysReview did the same. Released in 2015, Tag with Ryan is an arcade game developed by WildWorks and it features the child star of the channel Ryan ToysReview as the main playable character. Your objective is to collect all of the suns and pizzas you encounter as you run through the maze. This will unlock Ryan's different costumes.Graphics and InstallationThe game is presented in a 3D view and you get to control Ryan as he runs through the tracks. There are three tracks that you can run through, and hitting an obstacle in any of them will trigger a game over. As mentioned above, your objective in the game is to unlock all of Ryan's costumes by going through the levels and collecting suns and pizzas throughout the tracks.You can also unlock more environments, vehicles, missions as you play the game. There are desert, snow, and forest environments among others. Although the graphics are a bit simplistic, they are serviceable and understandable for most players.Installing the game took no time at all and loading the game was quick and easy. Once it's installed, it loads at once.PremiseRyan ToyReviews aren't the only channel in this game as it also features fellow YouTuber, Combo Panda. In Tag with Ryan, Combo Panda has stolen and hidden all of Ryan's costumes and now Ryan has to collect all of his costumes back by playing an eternal game of tag with Combo Panda.Tag with Ryan is a very intuitive game that even young players will understand. It's simple fun that will definitely engage your kids. The best thing about it is that it's completely free to play as well.Simple Running GameTag with Ryan is a simple running game that anyone will be able to understand and appreciate. It's challenging enough to be enjoyable for older players, but it's simple enough that little kids will appreciate it as well.
