2014 srt8 charger specs. 2014 dodge challenger srt8 specs. 2014 dodge challenger srt8 manual transmission. 2014 dodge challenger srt8 owners manual. 2014 dodge charger srt8 problems. How much is a 2014 dodge charger srt8.

Bold, muscular, and just around him. Inside, the Core SRT comes with a standard premium fabric interior, "which was transplanted from the new SRT viber and flanked by aggressive reinforcement and outburst insertions. As with the past models, the instrument panel of the Challenger SRT comes with all the bells and whistles you need to see all the relevant performance information in the muscular automobile. Speaking of the transmission, it is also offered an automatic five optional five-speed, with which it comes with the displace of pallets mounted on the standard direction wheel and the central console mounted on the mounted Automatic Bastille, which allows an optional scroll option on the road and the hippodrome. External dimensions The interior configuration of the Dodge Challenger 2014 It remains practically intact, but even so, the treats that come with the muscular automobile are difficult to ignore. For the 2014 model, the foreign changes It is still visible, highlighted by the large front divider and the integrated front fender that, along with the spoiler of the back cover, provide an improved aerodynamics, a need for a car with the power that the challenger possesses. But you can not deny that in relation to the competition, the Challenger SRT has more power of power under his hood. The nucleus of Dodge Challenger SRT is equally new for the 2014 model is the expansion of its line Charorger Core SRT. Several black matte carbon accents and piano surround the instrument panel, the bevels of the door and the central console are also exclusive characteristics of the Central SRT model. It is wrapped in leather, heated and comes with a satin chrome rim section with a flattened lower surface that proudly shows the SRT logo. But just like the Mustang GT, the Camaro has the of prices with a tag just north of the price range of \$ 32,000. There is no big difference between the two different models of the preference and a large price edge to the Mustang GT, which is sold for \$ 30,750, compared to the SRT, which we hope to have a little less than \$ 44,000 price. They have not been announced that the defined prices have been announced, but expect Chardenger SRT Core to retail somewhere in the \$ 39,000 range with the Challenger SRT receiving a price of more than \$ 40,000. The seats come with standard lumbar feeding with the driver's seat receiving the inclination of the backrest with memory. A variety of exclusive content comes with this setting, which includes a 6.4-liter logo on the front fenders, a set of 20-inch molten aluminum wheels with black painted pockets and brake calibrators from standard black bremb. It is not one of those people because there are cars whose looked at the age very well and the challenger is one of them. What is new in the 2014 model is a selection of combinations of interior colors, including dark blackboard and gray red / dark chalkboard. All these remarkable features are added to the SRT challenger looking like the way it does. Interior Dimensions Drivetrain The Dodge Challenger SRT 2014 continues with a 6.4-liter HEMI V-8 engine that offers 470 horsepower and a €
