HALLOWEEN

Questions: What do you already know about Halloween?

- Read the article below and then answer the questions.

What is Halloween?

Halloween is a traditional celebration that began in Europe hundreds of years ago. At that time, some people believed that ghosts of dead people visited living people. Nowadays it is a special day in several countries around the world, but it is perhaps most popular in Canada and the United States. It always falls on the same date every year: October 31. Around this time, people like to tell scary stories and watch horror movies. In the evening on October 31, children wear costumes.

These are clothes that make **them** look like interesting animals, monsters or people. They might be very funny or they might be quite scary. The costumes often include a face mask or some make-up painted on the person's face. For

example, on Halloween you might see a dinosaur or an elephant, a witch with a tall, black hat, or maybe even a ghost. Children then go from house to house and ask for candy by saying, "Trick or treat?" Many older kids and adults also put on costumes and go to Halloween parties. Jack - o' lanterns are very common during this time. A lot of people like to put **them** in their windows or just outside their doors. They are pumpkins with lights inside and faces cut into them. In Mexico, a similar traditional celebration is called "The Day of the Dead" - family and friends come together for three days to pray for and remember people who have died. Most people, both young and old, have a lot of fun on Halloween. "Happy Halloween" everyone!

MAKING CONNECTIONS

Name: _____

LOST AND FOUND

Billy was lovely boy but he had a big problem. Billy was always forgetting things! Every day it was the same problem. On Monday he forgot his homework so he got in trouble from his teacher. On Tuesday he forgot his school bag so he had to carry all his things around in a plastic bag. On Wednesday he forgot his sports clothes so he had to miss out on the sports lesson at school. On Thursday he forgot his shoes so he had to go to spend all day in bare feet, which of course caused all the other kids at school to laugh at him. On Friday he forgot his permission slip to go to the pool for swimming lessons, so he had to stay back and help the principal do jobs. Billy decided it was time to make a change. He was sick and tired of always forgetting things and getting into trouble and missing out on all the fun. He started writing notes and sticking them on the fridge every day as soon as he got home from school, with all the things he needed to remember for the next day. Each morning he checked the list and made sure he had everything he needed. It worked! From that day forward Billy never forgot anything again. Until next Friday, of course, when he forgot to write on the note!

POLAR BEAR

The polar bear is the largest carnivore in the Arctic region. They can be found in Alaska, Canada, Russia, Greenland, and Norway. Polar bears are **omnivores**, which means they eat meat. They eat seals and fish, but they also eat walrus caribou, and even grass. It is not always easy for polar bears to find food. They will wait hours or days for a seal to come out of the water. Polar bears can survive without food for up to ten days! Do you know that a polar bear's fur is not white? Well, fur is **transparent** or clear. It looks white because it reflects the light.

FACTS
Weight They weigh between 250-500 pounds.
Sex They can be up to 10 feet tall when they stand on their back legs.
Lifespan They can live between 20-30 years.

POLAR BEARS ARE GREAT PREDATORS
Polar bears have a strong sense of smell that they use to find seals. They can smell seals from miles away.
Polar bears have a good sense of hearing. They can hear up to a mile away.
Polar bears have a good sense of sight. They can see up to a mile away.

A polar bear's transparent fur helps them camouflage themselves with the white snow.
Polar bears have claws that they use to attack their prey and other polar bears.
