What are the degrees of a hexagon

Claudia is a fringe fan, but it's also a fan of seeing lots of important information in a single look at her desktop. Combined the two of her loves in this fun and informative HUD for her Windows 7 desktop using Rainmeter. If you look and want to look for yourself, with or without the fringe wallpaper, here's how to get the same look: if you need help to get all the components to look good, go to the tutorial on the creation of Rainmeter A to begin. If you have a Mac or you are running Linux, you can approximate some of the same effects using Geektool or Conky, respectively. Rainmeter is a powerful tool that allows you to create a beautiful displayed Heads-up display ... | Moredo Do you have a great and well-producing desktop of yours you would like to share? Go ahead and enter it to the Lifehacker desktop display and tell the Flickr group with a description of how you did it and it could be the next desktop.my desktop | Imgur via Google+ You can reach Alan Henry, author of this post, to alan@lifehacker.com, or better yet, follow him on Twitter or Google+.
