1. Cut the square along the dotted lines.
2. Fold the square in half to form a diamond shape.
3. Fold the square in half again to form a smaller diamond shape.
4. Fold the square in half a third time to form a very small diamond shape.
5. Fold the square in half a fourth time to form a tiny diamond shape.
6. Fold the square in half a fifth time to form a minuscule diamond shape.
7. Fold the square in half a sixth time to form a tiny tiny diamond shape.
8. Fold the square in half a seventh time to form a tiny tiny tiny diamond shape.
9. Fold the square in half an eighth time to form a tiny tiny tiny tiny diamond shape.

It is a child's game that stretches for generations; And although its rules may vary from region to region, the overall concept remains the same. All that is known is that the pattern of origami dates back to centuries and can be suspected, was made for amusement - at least, for decoration. Themes can be pretty much anything; whatever your imagination can evoke. Things to do and do: a detailed step-by-step tutorial, complete with over 40 photos. Although its history remains somewhat a mystery, it is likely that it was born in Japan during the 17th century. For example, the oldest origami book still extant, *Hidden Senbazuru Oriката*, includes instructions and diagrams for folding a paper crane. Think of the fortune teller as a paper version of the 8 ball magic. From there, design has spread to Europe and beyond. Anyone who ever tried that the model would instantly recognize the steps and be able to follow together, even though the book is in Japanese. The simple design of the origami pattern makes it an ideal starter project for newcomers to the paper. For more printable, look no further than these sites, which offer templates, diagrams and ideas on how to make the most of your folded device: [Templates: Momsmivan](#): provides a visual, step-by-step instructions and two templates to choose between - one blank and one with fortune presets. The interactive site invites young people to build their own or to use one of the random models. Print, copy, and distribute to an entire class. The same folds still produce the same construction. To play the standard version, Kaitlyn will ask for your favorite color and then make her fortune cashier open in one way, then the other spelling out the color (ex: $\text{A} \epsilon \text{I} \text{A} \epsilon \text{u}$) Ask how many children (fiancé) have and then count the number, again bang the of luck back and forth, ask your lucky number, raise that pact and read the person person For example, Arthur of PBS has a business online with Prunella, where it is possible to create your own cootie poodle. All rights reserved. In fact, guys of all ages and from around the world, they can't help but be fascinated by the timeless magic of this ancient origami design. As evidenced by the above sites, the origami guessing A - universal a used for both fun and learning. Other names for the game (or device) include: Chatterbox Flippers Flexigons Snadragon Salt celler North, East, Southwest As for the original purpose of the makeshift cashier, which remains unclear. Model Fortune Teller A (color) a (B&W) Print the friendly version of these instructions Origami Butterfly Origami Sailor Kids Hats (and their dolls!) Printable instructions to make your fortune teller! With printable models origami of riddle, everything you need to do: Print, fold, and play. Set page margins to zero if you have problems mounting the template on a page (FILE, PAGE SETUP, or FILE, PRINTER SETUP in most browsers). For anyone who wants to create their own, instructions are readily available, as are diagrams and video tutorials. Related articles Like the crane, origami guess A - another ancient model that hasn't changed with time. It offers a complete step to bend and play the game of predicting luck. At this point, carefully print 4 things on the exterior flaps (the standard A - blue, red, green and yellow). Print 8 things on the inside flaps (the standard is numbers 1 to 8). And print 4 things under the inside flaps (the standard has "arisen" as: You will be rich You will be famous You will fall in love You will be happy you can color some sections if you want or add stickers. Unfold all you'll have a square of paper with a fold The fact that it leads to a game makes it a fun project for children, especially groups. Printable Printable fortune-tellers make the process even easier!. I'm sure we all did them at some point in time (he was a sleep favorite). Kaitlyn, my 9-year-old girl, loves doing them. She does them with riddles inside (Q on the second level, A on the third level), with questions "boyfriend" and with questions "future career". It seems that every time she makes one, she invented something different to write on it! If you have trouble with the instructions, try reading through the basic origami instructions section. When A - ready, A - just download the model, fold and start playing. Valley bends the triangle from angle to angle, creating a smaller triangle. Fold the angle in the center of the square (where the X crosses) Repeat with the other three angles. Print the diagram and take it with you anywhere. If you need help downloading models, check these helpful tips. Easy and fun: Print a shark fortune teller and follow the video instructions on the site. Origami-Fun: Get clear and concise directions in seven steps. Instructions: EnchantedLearning.com: A KinderCraft step by step with ideas about what to predict. Download the riddle template at the bottom of the page, or follow the on-site instructions to make one with an 8.5 x 11 inch sheet. The art of origami A - is generally classified into two groups: ancient or contemporary. Models: Close the model window after printing to return to this screen. Materials: Instructions: Folding map of valley from corner to corner, making a triangle. Today, the fortune-teller A is recognized in the world as a pastime, a game for children. And you end up with a smaller square! Flip the paper over Fold the angle in the center of the square (where the X crosses) Repeat with the other three angles and you will end up with a square even more! small Fold and browse the bottom edge of the square otardauq otardauq led ortsinis odrob li atsops e ageiP ota'lla .aidem l .aideM wonKoTevoL 2202 ©AA .iggo aroca etasu onais ehgeip essets el ehc erasnep etnednerpros l A .urg al emoc ihcitna illedom i reP .otnemitrevid id ero onacifngis ocoig led .Atilibissop e inoisrev eirav eL .inittarub emoc atid el noc A .eneb onittada is atid ertsov el ehc odom ni orteidni ehgeip el odnageip .onivodni ortsov led ibmel ien atid 4 ererroc raf iop e ortnec la emeisni otardauq led ilogna orttauq i eregnips etelov .etnemlatnemadnof -- erageips ad ehc eraf ad elicaf lAip i A tib otseuQ Aotardauq oloccip ortsov li osrevartta xirtsa nu onirbmes ehgeip el ehc odom ni Aartseed a
