Blueant bluetooth s4 manual

JAC S4

How to pair a blueant bluetooth.

Bottom (Bluetooth symbol) Indicator No need to remove the hands of the wheel or the eyes of the road to use the S4. Your S4 is supplied with a selection of viewfinder clips so you can select the most appropriate one for your vehicle. Alternatively, use the ignition switch to turn off the S4 when you leave the automobile and then turn it on again when it comes back. The S4 stores up to 2,000 contacts by telephone. Follow the voice prompts to match the S4 with a summary of the content of page 9. BlackBerry Accept the Blue S4 connection request? 16 Summary of content on page No. 17 Transfer of the contacts of your need to S4 Your S4 uses the text to voice technology (TTS) to read the name of the person you are calling you. In this mode, the S4 only listens for 2 minutes after the last excess. > Double touch the symbol to ignore the call. Consult the corresponding national or local legislation regarding the use of mobile devices while driving. Slide the solar visor clip on the edge of the automotive sun visor. You can adjust the volume during calls, during music playback and you can also adjust the volume of audio instructions. Update the contacts of your phone book on the S4 If you add or change the entries on your phonebook, you must update the contacts in your S4 by summary of the content of the page No. 19 Listening Audio The S4 supports A2DP audio transmission. Consult the manual of your phone to get help with this step. You can also adjust the volume by pressing and maintaining the symbols of - or +. > A full load lasts approximately 3-4 hours. Any connected telephone will be disconnected. You can make outgoing calls a summary of the content on the page No. B L U E A n T Remove the protective cover The plastic cover on its S4 is intended to protect it during the traffic. Note: The hands-free trigger only works when the green hand-free trigger indicator light on the front of the device 1 summary of the content in the saving mode of the Battery of the No. 12 Hands-free using The hands-free trigger gives a real hand-free operation, since the S4 is the S4. Always listening to your voice. Note: Some telephones do not support transfers from the phone book at all. Yes select "Do not ask again", so a tick appears in the box and then choose "SA". > During the load, the battery indicates the summary of the content on page No. 8, stop the S4 with your phone to use the S4, you must pair it with your phone. Simply say the activation phrase B I U E A n t Blueant Talk with MAj e "and the S4 will be ready for your voice commands.> Check the battery: tells you the level of the battery in the S4.> Tell Rediar to redial the last number that called on your phone. If the phone sounds the dumb audio. Tip: If you want to cancel the transfer of the agenda, touch the symbol in the summary of the content in the PLA GINA No. 18 individually. If this is the first time you have used the S4, it will go directly to the pairing mode. Load your battery S4 Your S4 has been given an initial partial load to start, indicator, but to get better Results, we recommend that you charge you the supplied USB cable and USB adapter-> You must load the S4 whenever you announce the battery. Bajo. Automatic transfer of contacts from your agenda to S4 by pairing your phone with the S4, you will try to transfer the contacts from the calendar automatically. Slide your Aj -Nger through the top of the S4 to adjust the volume. 3. If you want your S4 to run for more time Charges, slide the ignition switch on the off in the intermediate position to activate the "advantage-saving mode". Once you get up 2 minutes, the light of the green indicator comes out The S4 stops listening. Use your voice to answer calls when the phone rings, wait for you to ask the request. Do something, just say that Blueant talks to me, hopes that the S4 asks you to say a command, and then say one of the following commands:> Is I connected? No, do not ask this again A e a ¼ A A " " e "à e Access request to Android needle on Android devices A message about the transfer of the agenda may appear on the notice of notiÁ cations at the top From the screen. If you are using a BlackBerry smart phone, you can see a message like this. Just say that the activation phrase, blueant, talk to me and the S4 will be ready to receive your voice commands. The indications of voice will begin to talk with you through the pairing process and the light will be blue. Place the magnificent back of the S4 to the Visor Solacion clip. A e á, ~ "The S4 will be verified if Your telephone is connected and try to connect if it is not. If this is the case, the S4 will read the number of the caller. The audio will resume when the call is over. Or:> Touch the symbol once to accept the call. When I return, you must touch the symbol to reconnect your phone and reactivate the trigger. You can use your voice to respond or ignore the call. > P Air I A e á, ~ "Put the S4 in pairing mode. 2. If you take your phone out of the S4 range for more than 2 minutes, the hands-free shutter-off is turned off and the "Pass mode". For subsequent pairings, let's say Blueant talks to me, wait for the S4 to ask you to say a command and then tell me. 3. Please, remove it before using your S4. To re-activate The S4, tap the symbol instead of its summary of the content on page No. 13 that is reconnected to the S4 to save the battery, the S4 enters "Pass mode" when it is not using it. 1 2 Solar visor clip Do not forget: safely and within the law. law.
