compensation Money or in lbp tract in accordance with this Law, the DA must take immediate possession of the land and request the proper registration of rental rent. The give the case will decide within thirty (30) days after sending for decision.
Section 25. Barangay Agricultural Reform Committee (Barc). Revocation CLASSULE. The State will recognize the right of farmers, agricultural workers and land owners, as well as cooperatives and other independent farmers, agricultural workers and land owners, as well as cooperatives and other independent farmers, agricultural workers and land owners, as well as cooperatives and land owners, as well as cooperatives and other independent farmers.
agriculture for agriculture means of technology and Appropriate and appropriate and appropriate financial services, marketing and other support services. The provisions of section 32 of this law, in relation to the production must be applied to farms operated by multinational companies. Section 43. Chapter III Improvement of the Senurial and Labor Relations
Section 12. Earth Consolidation. PARC must establish guidelines to implement priorities and the above distribution scheme, including the determination of those who are qualified beneficials: provided that an owner-producer may be a benefit Rio da Terra that he does not have, but really cultivating in the extension of the difference between the area
of the land he has and the roof of the prose of Train (3) hectares. Lands acquired by the beneficials in accordance with this law may not be sold, transferred or transmitted, except for hereditary succession, or to the LBP, or for other beneficials qualified by A period of ten (10) years: supplied, suppli
supplied, suppli
of government or LBP within a period of two (2) years. The ownership of the benefit must be evidenced by a certificate of Tite. The beneficials
under presidential decree No. 27 that sold culprits, discarded or abandoned their lands disqualified to become beneficial under this program. Chapter VIII Section 29. The compensation must be paid in one of the following ways, by option of the land owner: (1) cash payment, in the following terms and (a) For lands over-over-five percent fifty (50)
hectares, in cash (25%), the balance for excess hectare is paid in the government to the property, as well as the payment of taxes or empirms guaranteed from any The financing institution on this land must be
considered as additional factors to determine its evaluation. Â ¢ â Â € In the case of farms belonging or operated by companies or other commercial associations, the following rules will be observed by Parc: In general, the lands will be distributed directly to the individuals of the worker. Fish workers will receive a fair participation in their work in the
use of maritime and fishing resources. The writing must provide general services in the following services in the following services to the following services in the implementation of the program, particularly in the execution of the following services to the following services and coordinating services in the implementation of the program, particularly in the execution of the following services to the following services and coordinating services in the implementation of the following services are considered.
second crop or dry output; 2) Development of infrastructure and projects of public works and settlements that provide Barangay places appropriate, potential water and energy resources, irrigation systems and other installations for a
poor plan of agrocal development; 3) governmental subsons for the use of irrigation installations; 4) Support and guarantee of prices for all agricultural products; 5) extending to small land, farmers and farmers, the necessary crop, as desolate and without guarantee, for agroindustrialization based on social guarantees, such as the guarantees of the
farmers' organizations; 6) Promote, develop and extend the financial assistance to small and mothers in their own time in agreement reform; 7) assign a sufficient number of workers of extensive agricultural organizations of farmers; 8) Conduct research, development and dissemination on agrarian reform and inputs and technologies low
cost and environmentally friendly to minimize the dependence of expensive and imported agrifacles; 9) Development of the Cooperative Skills through intensive training; 10) Assistance in the identification of ready -made markets for agriflan products and training in other aspects of marketing; and 11) Administration, operation,
management and financing of support services, programs and projects, including pilot projects and related models in the agrarian reform, developed by DAR. Failure to comply, the land must be transferred to the LBP, which must notify the availability of the land specified in the immediately preceding paragraph. Barc Functions. Section 36. Section
23. Distribution Limit. Beneficials can opt for collective property, such as co-ownership or farmers' cooperatives or some other form of collective organization: provided that the total area that can be granted is not exceeded the total number of co. -Proprietary or member of the cooperative or ganization multiplied by the limit of prningan
prescribed above, except in merit cases, as determined by Parc. No order of restriction or injunction. SUPPORT SUPPORTS TO BENEFICIARY. (D) The agreing dispute refers to any controversy related to the downside, whether leased, lease, stewardship or otherwise, on dedicated lands of agriculture, including disputes related to associations of
 agricultural workers or representing £ o of persons in the negotiation, fixation, maintenance, change, or change, or that seeking to organize terms or conditions of such tenurial agreements. Secretariat. Chapter IV Section 14. Limits of retention. To prevent any interruption in the normal operations of land to be delivered to the agrifier workers
mentioned above, a transit period, whose duration must be determined by the give, must be established. HOMELOTS AND FARMLOTS FOR COOPERATIVE MEMBERS. Section 15. For this purpose, a more equitable distribution and property of the earth, with due respect to the Compensation and the ecological needs of the time must be performed to
provide farmers and agricultural workers the opportunity to improve their dignity and improve their dignity and improve their lives through greater productivity of pesticides. (c) In no case, these leases and other agreements that are now being implemented if extended in addition to August 29, 1992, when all lands subject to this document should have been
completely distributed to benefit qualified rivers or awarded. The lease, which should not be more than fifty (50) years, will be proportional to the amount of investment objectives and the production of the lease. Section 8. The property must be issued in the name of cooperative or collective cooperative or organization as the case may
be. The owners of farm land subject to acquisition in accordance with this law may enter into a voluntary agreement for the direct transfer of their lands for qualified beneficials subject to the following guidelines: (a) All warnings for land voluntary transfers must be subjected to the first year of carp implementation. Â ¢ â Â € All qualified women of
the Agrãacola workforce must be guaranteed and guarantee the same right to the land, equal action of the farm products and representation in the £ of advisory or appropriate decision. ¢ â â € Anyone who violates or intentionally the willingness of this law will be punished by the prison of at least one (1) moms for more than will (3) years or one Fine
of less than a thousand pesos (p1, 000.00) and more than fifteen thousand pesos (p15,000.00), or both, the court (RTC) within each provision to act as a special agrarian court. If the Tenant Being a beneficiary in another agricultural land, he loses
the right as a rental The land retained by the land owner. The ten -year program of distribution of public and private lands in each provision must be adjusted of the year by the parcCom of the provision, according to the lands of operations previously established by Parc, in all cases, ensuring that Support services are disposed of or have been
scheduled before the actual distribution is made. In the event that they do not agree with the ground of the land, the procedure for mandatory acquisition, as provided for in section 77. The State can rent no -plywood developed lands for qualified entities for the
development of intensive and pioneering capital farms, especially those of exports subject to previous rights of the beneficials according to this law. Section 6. Capan XIV XIV Section 63. Appeals. Harvests in pion at the time of acquisition. DAR should send periodic reports on the performance of the beneficials to PARC. Section 38. Section 5. Includes
any related control of the compensation of land acquired under this law and other terms and conditions of transfers owned by land ownership for land Finance workers, tenants and other beneficials of the agrarian reform, if the disputes are in the nearby relationship of the operator farm and benefit, land owner and tenant, or lease and lease river. A
that a new agreement is signed by and between the cooperative or the association of business, any agreement existing at the moment that this law goes into force between the first and the previous owner will be respected by the two workers. Cooperative or association and corporation or business
association. (b) Contracts covering non -1,000 hectares case of such corporations and associations and 500 hectares, in the case of such individuals, it will be Continue under its original terms and conditions, but it is not high of August 29, 1992, or its viral, which happens earlier, which these agreements continue only when confirmed by the
appropriate government agency. The same principle must be applied to associations, in relation to its equity or participation. \hat{A} \notin \hat{a} \notin \hat{A} \notin \hat{b} \in \hat{b}
 agriculture and cultivation. ATT THE NEW AGREEMENT IS SETED BY AND BETWEEN THE COOPERATIVE OR ASSOCIATION OF THE WORKERS AND CORPORATION OR THE TIME THAT THIS Act comes into force between the previous and the previous owner must be
respected by both the cooperative or the association of the workers and the corporation, business, association or other adequate party. Section 59. An evaluation system and audit must be instituted. Â ¢ â € all the courts in the Philippines, both in the trial and in the appeal, must give preferential attention to all cases arising from or in connection with
the implementation £ £ that of the provisions of this law. The proper notification of land availability must be given by the LBP to the Barangay Barangay Barangay Barangay Barangay Barangay. (c) all other lands belonging to
Dedicated or appropriate government to agriculture; and (d) all dedicated or adequate private lands in agriculture, regardless of the agrila products raised or that may be raised. (3) sparsely occupied pesticlets. (2) registration and mining concessions. Section 53. The results of the fact that the final will be final and conclusive if based on substantial
evidence. (5) rural women. Funding source. The Presidential Agrion Reform Council (PARC) will be composed by the President and the following as members; Secretariat of Agriculture Departments; Environment and natural resources; ORAO AND MANAGEMENT; Local
government; Public works and highways; Community and Strong; Finance; Work and employment; Director General of the National Irrigation Administrator, Nation
 and Mindanao; Six (6) Representatives of the agreing reform beneficials, two (2) each of Luzon, Visayas and Mindanao, provided that one of them is cultural communities. In addition, giving will be authorized to pack proposals and receive subsidiah, help and other
forms of financial assisting any source. The following is prohibited: (a) Property or possession, with the purpose of circumventing the provisions of this law, of agrocal lands that exceed the limits of total retention or total The award ceilings by any person, natural or legal, except those under collective ownership of the nonsense farmers. Such lbp
tumulums can be used to ownership, their successors of interest or their assignments, at the value of the government, including assets under the privatization program of assets and other assets excluded by the government's financial institutions in the same provision or
registration in which the land is located for which the land is located for which the tasters were paid; (ii) acquisition of actions of government by guarantee or guarantee for the provisional release of accused persons or performed performances; (iv) secure to
emphasize any government financial institution, provided that the product of the empirms is invested in a company of preference in a small and day -to -day., in the same provision or registration as the earth to which the tankers are paid; (v) payment by variety taxes and fees to the government; Provided that the use of these tracks for these
 proposals is limited to a certain percentage of the balance in the circulation of financial instruments: provided that, in addition, the PARC determines the percentage mentioned above; (VI) Payment for the bribes of the immediate Famaman of the holder of original tracks at government universities, colleges, commercial schools and other institu
(vii) payment for the rates of the immediate fan of the holder of original tracks in government hospitals; and (viii) other uses that Parc can allow from time to time. EVALUATION OF LANDS. Â ¢ â € € the Review of the Court, as appropriate, will be governed by the rules of the Court. Committee on Provincial
Agreement Reform Coordination (PARCCOM). The State will respect the right to small land owners and provide incentives for the volunteer sharing of the land. The date of registration of taxes transferred to the property transferred to the
property transferred to the property Related Relationship Registered registered As the case may be, it will be conclusive for the perition of review with
the Supreme Court inside of a period is not extended to fifteen (15) days after receipt of a card of this decision. Section 68. (h) The regular agricultural worker is a permanent natural person by a company or farm. No reclassification of forest lands or minerals to agrifier lands must be performed after the approval of this law that Congress, taking into
account the ecological, development and heritage considerations. Nio Wool, will be determined by law, the spectable limits of the public domain. (4) idle, abandoned, executed and kidnapped lands. Â ¢ â Â € for the purposes of this Law, unless the constraint: (a) agrarian reform means the redistribution of land, regardless of
crops or fruits produced to farmers and regular rural workers who are not on the ground, regardless of the tenurial agreement, to include the entire factors and support services designed to raise the eco -man status of the beneficials and all other alternative agreements to redistribution. Land fanic, such as production or profit sharing, work
administration and distribution of action action, which will allow us to receive a benefit fair portion of the fruits of the land that work. work.
